

## **Bridgewater Swim Academy Weather Policy**

The safety of our clients and employees is of paramount importance at Bridgewater Swim Academy. We've established this weather policy to clearly communicate when we will close, have a delay in opening and our rescheduling policy.

### **Closure and Delayed Start**

We will monitor the weather forecast for Washoe county and local schools to determine if a closure or a delayed opening is warranted. We will make the decision on closure or a delayed opening by 7am and post it on our website ([www.bridgewaterwimacademy.com](http://www.bridgewaterwimacademy.com)).

### **Rescheduling Missed Lessons**

If your scheduled lessons are impacted by a weather closure or delay, we will add your affected lesson to the end of your current package. Our scheduling team will email you an updated schedule.
